

# TEKI LALASA KUSUMA

## EDUCATION

### Centurion University of Technology and Management | 2021-2025

Currently Pursing Bachelor of Technology in Computer Science Engineering with 8.91 CGPA (upto 5th semester).

### Chaitanya Junior College| Intermediate (BIEAP) |2021

Passed with 88.4%.

### Sri Chaitanya School | SSC | 2019

Passed with 10 CGPA.

## SKILLS

### PROGRAMMING LANGUAGES

Python

C

Java

### DATABASE

Sql

### WEB TECHNOLOGY

Html

Css

JavaScript

## OBJECTIVE

As a Computer Science student, I aim to secure a platform where I can apply my skills in Machine Learning, C++, Java, Python, and HTML. I seek an opportunity to prove my capabilities and make a meaningful contribution in a dynamic and challenging environment, proving my capabilities and making a meaningful contribution.

## PROJECTS

### VISION BASED ATTENDANCE SYSTEM

Using Python, leveraging the LBPH algorithm for face recognition. Successfully integrated the system to capture and mark attendance directly into the database.

### HOUSE PRICE PREDICTION SYSTEM

using Python and machine learning techniques. Utilized regression algorithms to analyze and predict house prices based on relevant features, enhancing accuracy in real estate valuation.

### RFID ATTENDANCE SYSTEM

Using ESP8266 in IoT. It helps track attendance in real-time and updates an Excel sheet automatically for straightforward record-keeping.

### EMPLOYEE MANAGEMENT SYSTEM

Built a user-friendly Employee Management System in Java, using MySQL for storing and managing data. The system is designed to handle employee details, attendance, and tasks, making it easy to organize and access information.

## INTERNSHIP

Slash Mark Internship Jan 10 2024 - April 10 2024

## LANGUAGES

English, Telugu
